DON'T STAY GRAY, SAGE TEA WILL DARKEN YOUR HAIR BEAUTIFULLY

A MIXTURE OF SAGE AND SULPHUR PREVENTS DANDRUFF AND FALLING HAIR

When you darken your hair with Sage Tea and Sulphur no one can tell, because it's done so naturally; so evenly. It is also splendid to remove dandruff, cure itching scalp and stop falling hair.

Preparing this mixture, though, at home is a messy and troublesome task. For about 50 cents a bottle you can buy at any drug store the ready-to-use tonic called, "Wyeth's Sage and Sulphur Hair Remedy."

Some druggists put this mixture up themselves but make it too sticky, so insist you want "Wyeth's" then there will be no disappointment.

You just dampen a sponge or soft brush with "Wyeth's Sage and Sulphur" and draw it through your hair, taking one small strand at a time. Do this at night and by morning all gray hair disappears and after another application or two becomes beautifully darkened and more glossy and luxuriant than ever. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and you'll look years younger. Inquiry shows all pharmacists in town here sell lots of it.

Have you a "silent" musical instrument in your home? Unless it's anchored there by sentiment, let a "for sale" ad in the Bonanza find a buyer for it.

AMUSEMENTS

BUTLER THEATER.

At the Butler theater this afternoon and evening one of the best programs ever shown in this popular place of amusement is as follows:

"Oil and Water," a Biograph two-reel subject; "Keeping Up Appearances," a Lubin comedy which is a scream from start to finish, and an Essanay western drama entitled "Bronco Billy's Last Deed," featuring G. M. Anderson as Bronco Billy. Coming Wednesday "The Guiding Light," Lubin two-reel feature. Features coming are "A Tale of Old Tahiti," two reels; "The Grim Toll of War," two reels; "The Millionaire Cowboy," two reels; "The Retreat from Moscow," two reels, and "Adventure on the Mexican Border," two reels.

Hoffman Lecture.

A prominent business man of Kansas City, Mr. C. B. Hoffman will open the Socialist lyceum course here with a lecture entitled "The Socialist Challenge."

After devoting many years to the amassing of wealth by American business methods and becoming a figure of some prominence in the banking, milling, and grain trade of Kansas, Mr. Hoffman finds his greatest pleasure in the promotion of Socialism, and devotes to it his best energies.

American mines and metallurgical works, according to returns made to Mining and Engineering World, made a record during the first quarter of 1913, when 114 companies disbursed dividends totalling \$23,304,820. This compares with the disbursement of \$21,700,390 by 83 companies during the same period in 1912 and with \$21,849,031 in 1911. Since incorporation the above mentioned companies have to their credit no less than \$712,197,042. This is a return of \$108,629,690 in excess of the combined issued capital of the 114 companies and is a record of achievement equaled by but few industries.

The copper properties had much the better quarter, for with only 25 contributing the quarter's disbursements reached a total of \$11,423,187. These 25 properties have had a remarkable career during the years of their operation, for no less than \$372,451,675 has been divided among the fortunate shareholders. All but about \$13,000,000 of this amount came from companies operating in the United States, British Columbia properties contributing approximately \$5,000,000 and Mexican properties \$8,000,000.

Included in the 114 companies paying dividends in 1913 are 84 which are classified as gold-silver-lead-zinc producers. These 84 companies disbursed \$8,965,778-\$4,266,026 of which came from 54 properties in the United States, \$3,557,574 from 18 Canadian properties and \$1,062,178 from 12 Mexican properties. During the years of their operation these 54 United States companies have paid dividends totalling \$148,364,985; the 18 Canadian companies \$44,188,937 and the 12 Mexican companies \$22,742,057.

The dividends of five metallurgical companies are included in the total for the quarter, these having paid \$2,915,855. Since incorporation these five companies have paid dividends totalling \$124,449,385.

Eight securities-holding corporations had a very successful quarter, for \$5,698,877 was divided among shareholders. This compares with \$3,839,751 during the same period in 1912. To date these eight companies have shared with stockholders \$157,375,351.

PIONEER VIRGINIA CITY PRINTER DIES AT BISHOP

James E. Parker, a pioneer resident of Bishop, died several days ago at his family home following a lengthy illness. The deceased came to Nevada in 1863 and lived with his mother and sister in Virginia City, working on the Virginia Chronicle with Mark Twain, Dan DeQuille, Judge Goodwin and others of world wide fame. In 1869 he emigrated to the Inyo country and continued to reside in that section until his death.

Parker was employed on the Bonanza for several years during the early days of this camp and is well remembered by the old timers of this district.
